SPEAKER: Any others, Mr. Clerk?

CLERK: Quorum present, Mr. President.

SPEAKER: Any committee reports, Mr. Clerk?

CLERK: Mr. President, your committee on enrollment review reports (read). Mr. President, Senator Wiltse would like to be excused on April 19th, P.M. only, is that right, Senator? P.M. only.

SPEAKER: Is there any objection to Senator Wiltse being excused? It is so ordered. Any corrections in the Journal?

CLERK: None.

SPEAKER: Senator Stull.

SENATOR STULL: Mr. President and Members of the Legislature. I want to move to amend the motion of yesterday and take up the bills on final reading other than A bills.

SPEAKER: Alright. Motion made and seconded to take up the bills on final reading other than the A bills. Any discussion? Senator Duis.

SENATOR DUIS: Mr. President, if this motion is to prevail, I would like to have it state that those A bills that have a fiscal impact on the general fund, because we'll have A bills that have cash fund requirements so I'd like to have it amended and I would move to amend this motion so that the A bills that would not be taken up would be those that have an impact on general funds.

SPEAKER: Alright. You move to amend the amendment to affect only those which do not have an effect as far as the A fund is concerned--the general fund.

SENATOR CARPENTER: Well, I'd like to have Senator Marvel give me a better explanation of what this amendment to the amendment will do.

SPEAKER: Senator Marvel. Senator Marvel.

SENATOR MARVEL: What's the amendment?

SENATOR CARPENTER: Will you read the amendment and the amendment to the amendment?

SPEAKER: Read the amendment--

CLERK: Well, the original amendment would amend the Carpenter motion (read)

SENATOR MARVEL: Well I thought the motion was going to read that we read only the bills that don't have any fiscal impact. And that is not the way the motion reads.
